

Their sacrifice will never fade.

Today, we honor the New York City police officers and other first responders who gave their lives on September 11, 2001, those who have passed away in the years since, and those who continue to struggle with injury and illness to this day.

Every day, we remember their sacrifice and follow their example, going into harm's way to protect all New Yorkers.

Honor the heroes of 9/11

Support your police officers
