STOP THE CCRB POWER-GRAB

November 5: Vote NO on Question 2

A New York City Charter amendment on ballots this November would radically expand the Civilian Complaint Review Board's jurisdiction, power and budget. If approved, Ballot Question #2 would:

- *Allow CCRB to investigate & recommend discipline for "false statement" allegations, rather than referring those cases to IAB*
- *Increase CCRB's budget and link it to NYPD headcount*
- *Give the City Council and Public Advocate Jumaane Williams more control over the appointment of CCRB board members*
- *Expand CCRB's subpoena power*
- *Require the Police Commissioner to provide detailed explanations for any departure from CCRB's disciplinary recommendations.*

CCRB is already infected with anti-cop bias. Expanding CCRB's power will hurt your career.
