A SPECIAL DISCOUNT TO
MEMBERS OF THE SERVICE
AT A DIFFICULT TIME IN THEIR LIVES

In addition to being a police officer in the 123 Precinct on Staten Island, I have been a funeral director for 25 years. Two years ago, I purchased the funeral home where I worked and that now allows me to offer members of the service a 20% off the funeral home charges.

We are one of the few family owned and operated funeral homes remaining on Staten Island ensuring that you will get the personal service you need at that difficult time. We will take very good care of you and your loved one.

Should we ever be of service to you, please feel free to contact me at the telephone number above.
